Dear Mr. Najjar:

We recently erroneously filed in the above-identified application, another RCE on October 5, 2004. We had previously filed an RCE on August 13, 2004. Please disregard the more recently submitted documents (Petition for Extension of Time and Request for Continued Examination), as they should have been filed for a different application entirely.

We sincerely apologize for any inconvenience this misfiling may have caused. Please feel free to contact me should you have any questions.

Respectfully submitted,

David D. Chung
